### **Low & High-Fidelity Mockups: Contact Us Page**

Because I already had a Shopping Cart page in my original prototype, I decided to design my Contact Us page as part of this assignment. I wanted to keep the design and content simple and clean since this is a small store; in doing this, I carried over the large hero image and headline with purple background from the Community Adventures and Our Team pages in my original prototype to ensure visual consistency across pages. The low and high-fidelity mockups can be seen on the next few pages of this document. The HTML/CSS implementation can be accessed through the utility nav of my site or at this link:
